SECRETARY REPORT by Sandy Bayles was to accept the minutes from the April meeting as printed in the newsletter.

Valarie Sell made the motion and Shirley Bozell seconded it.

TREASURER REPORT by Frank Bayles. State Entity report was payed (\$20) and has been accepted and recorded. We are still being charged \$3/ month for a paper statement. Jerry and Frank will get that taken care of as soon as the banks reopen. There was a deposit made for \$80 (dues), which brings our current balance to \$1883.07.

On May 9 the club participated in a cruise for a little boy and his sisters surprise birthday party. There were 50+ cars including police cars as well. The little guy was collecting canned goods for a food pantry. As we drove past the home he came running out to collect the goods. It was an awesome event and one birthday he will never forget. Shirley reported that there was an orchid in The Republic to the police department and HMC. Afterward some club members took a drive out through Brown County Park.

HMC Car Show in Sep. There is ongoing discussion in doing something a little different in connection with the COVID-19 pandemic. So many business large and small are suffering financially from this. We are entertaining ideas that won't cost so much money. Since our show isn't until Sep we do have the luxury of not having to make a decision immediately. Please give this some thought and we will be discussing this at the next meeting.
